2025 LOVE DATA WEEK SPEAKER

Andrew Wilson

University of Minnesota

Data Analyst

Andrew is a Data Analyst at the University of Minnesota focusing on collegiate & departmental analytics within Institutional Analysis. He started his career in data as a Crime Analyst in Scotland before moving into higher education at the University of Minnesota over 15 years ago, where his focus has been supporting data informed decision making. He assists with compliance and regulatory reporting, data governance, and enjoys creating data visualizations in Tableau.
