

# 2025 LOVE DATA WEEK SPEAKER

## Mark Miazga

University of Minnesota

Assistant Director

Manager, Survey Services

Mark oversees survey operations for the Survey Services division within USAS as well as the Minnesota Statewide Testing Program (MSTP). He has over twenty years of experience in survey research with a concentration in public health, health and human services, and higher education. He has managed numerous large-scale data collection and analysis projects including the Student Experience at the Research University (SERU/gradSERU), University of Minnesota System Pandemic Response, Project Eat, M Health Fairview partnership expansion, Alcohol Policy Information System (APIS), Obstetrics Workforce, Alcohol Systems for Young Adults (ASYA), and the Grand Challenges Research Initiative. He has been with the University of Minnesota for over eighteen years and has worked with numerous internal and external clients utilizing his expertise in research design, response rates, questionnaire design, focus groups, data analysis, and data collection modes including mail, telephone, online, and focus groups. He was previously with Wilder Research where he worked on numerous projects for non-profits and government agencies including the Homelessness in Minnesota Study which has garnered national attention for its' focus on children, women, and veterans. Outside of work Mark enjoys the outdoors.
